Welcome

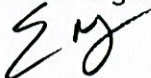

Dear Guest,

I want to take this moment to express my sincere appreciation for your interest and support of this powerful and urgent initiative. Our goal for this campaign is not only to spread awareness about the striking statistical similarities between breast and prostate cancer, but to encourage couples to urge and assist each other to make appointments for screenings.

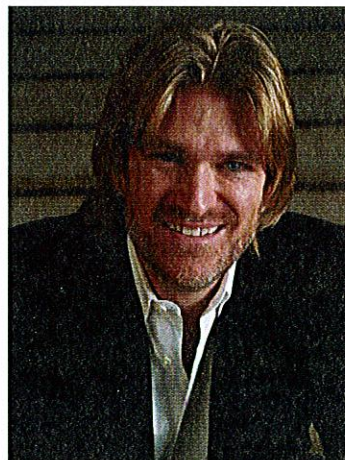

We whole-heartedly believe that reminding your significant other to go to their doctor regularly is the best preventative method there is in early detection against all types of cancer.

Through your support and involvement with this campaign, we can make a significant difference and save countless lives.

Warmest regards,

Emerson Newton-John

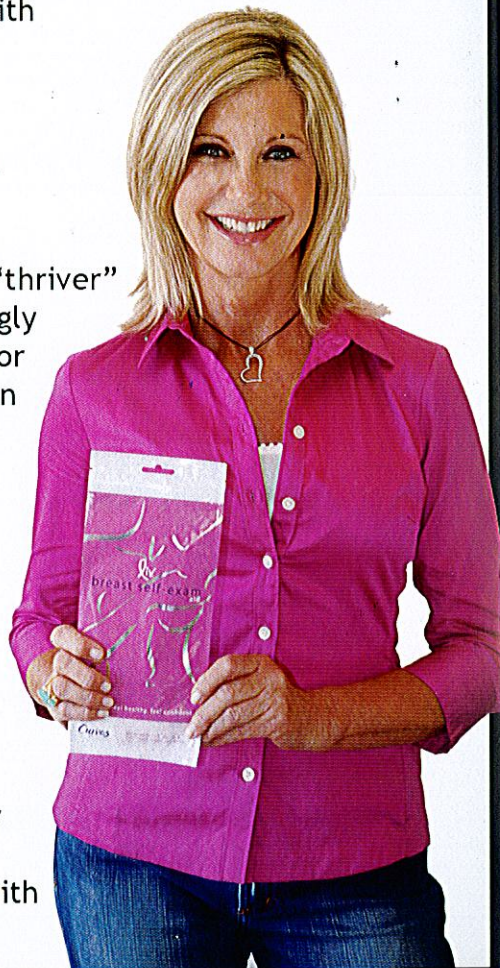

Foyt
FAMILY WINES

Olivia Newton-John

With a career spanning more than four decades, Olivia Newton-John's popularity seems to be timeless. With more than 100 million albums sold, four Grammy Awards, an Emmy Award, numerous Country Music, American Music, Billboard and People's Choice Awards, ten #1 hits and over 15 top 10 singles, Olivia has established herself as one of the top female vocalists of all time and a vibrant, creative individual adored by fans worldwide. In 1978, her co-starring role with John Travolta in "Grease" catapulted Olivia into super-stardom. The film remains the most successful movie musical in history.

As a 17-year breast cancer "thrivor" Olivia has become increasingly well-known and respected for talking openly about her own breast cancer journey and for promoting public awareness of the importance of early detection. She has created and designed the Liv Aid, a breast cancer self-exam device to encourage and empower woman to take control of their own breast health. Her personal victory against cancer led her to announce her partnership with

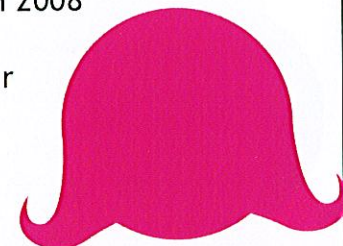

Liv

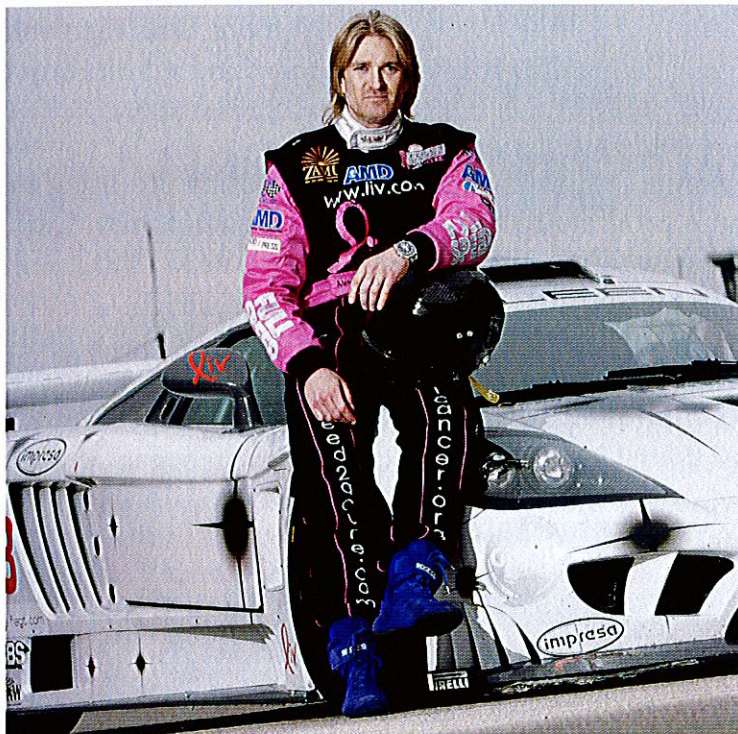

the Austin & Repatriation Medical Centre and the creation of the Olivia Newton-John Cancer and Wellness Centre in her hometown of Melbourne, Australia. The centre will provide a comprehensive range of services and facilities for cancer treatment, education, training and research including a wellness center to heal the whole person, body, mind and spirit. In addition, her award-winning Gaia Retreat and Spa, reflects Olivia's personal elegance and connection with the environment and wellness. In 2008 Olivia married Amazon Herb Company founder, John Easterling, and together the couple are traveling the world promoting the importance of rainforest preservation and the health and wellness benefits of rainforest botanicals.

“Emerson Newton-John and the Full Speed Programs”

Emerson Newton-John comes from a long line of talented family members, including actors, singers, musicians, writers and a Nobel Prize winning physicist. From the age of 17, Emerson has been taking his own style of creativity to the race track, where he has performed at the same high-standards as his family before him. With his unique marketability, talent behind the wheel and that unforgettable last name that always generates positive media attention, ENJ will have far-reaching effects in American motorsport and to the people and brands that support him. Full Speed Promotions - an event promotions agency specializing in charitable event organization and promotion, with its focus on the activities of the "Full Speed 2 a Cure" cancer awareness campaign and its charitable partners. Founded by race car driver and cancer awareness activist, Emerson Newton-John, FSP is dedicated to creating exciting and memorable events that offer tremendous value to its partners. Full Speed 2 a Cure - a powerful, cause-related motorsport marketing campaign whose mission is to campaign for awareness, to build compassion and create hope for all those battling every type of cancer - related illness. It is our goal to eradicate this disease through scientific research in our global effort to inform, teach, and build awareness in the promotion of early detection.
